

SuperSmart[®]

Remote Monitoring System

What Can SuperSmart do for you?

- ▶ Real time web-based inventory tracking!
- ▶ Optimize chemical usage with product usage alarms!
- ▶ Car count information by wash type!
- ▶ Active messaging on many key wash paramets!

Works with all Blendco products.
Monitors up to 15 products.
Connects to the internet either by a Cat 5 cable to your router or wirelessly by a built-in cell modem.
Tracks up to four wash packages.

Ways in which you can access your real-time information:

- ▶ At the site by the control box monitor.
- ▶ Logging on to Netbiter.net with any of your smart devices.

Simple to install and simpler to use! **Be Smart..... be SuperSmart!**
