

## **Solutions for Concrete Product Manufacturing**

# Do You Face Any of These Issues?

- Staining
- Pinholes
- Residual, hardened cement on your equipment

## DuBois Has Solutions for You!

- Maintain consistent performance and appearance
- Improve manufacturing efficiencies
- Increase the working life of quality form surfaces

Concrete release agents, pallet lubes, hydraulic fluids, and cleaners are some of the most important products that DuBois carries to ensure our customer's concrete products are functional and aesthetically pleasing.

## Concrete Releases

### Form Oil 401, Perchem 889-T, Perchem 900

- Provides better film strength
- Non-staining
- Leaves an oily film for easy form release

### Pallet Lube 205

- Non-petroleum based, water soluble release agent
- Non-flammable
- Can also be used as a synthetic concrete forming fluid

### FR-1 and FR-1-CW

- Biodegradable
- Zero VOCs

### DuBois Chemicals

3630 East Kemper Road  
Sharonville, OH 45241-2011  
800 438 2647

1 First Canadian Place  
100 King Street West, Suite 1600  
Toronto, ON M5X 1G5  
866 861 3603

## Cleaners

DuBois now also has cleaners that can be used to clean the soils from cement trucks or other hard surfaces!

### Jackhammer-LO 3X

- Organic acid based
- Remove cement, concrete, & road film
- Easily rinse off dissolved soils

### LC-6799

- Organic acid salt based
- Non-corrosive

### Crete-B-Gone

- Sugar based
- Removes concrete build up from forms

## Oils

DuBois has oils that can be used on cranes and forklifts, for mixers, and for compressors.

These products include:

- Hydraulic fluids
- Synthetic gear oils
- Synthetic compressor oils
