

JAX RING GREASE - XL & DREDGE-GUARD 2

- Excellent resistance to both water and acid wash-downs.
- Proven to reduce operator maintenance time and extend the life of expensive rollers.
- Lasts up to 30 times longer than conventional greases.
- Outstanding performance for extreme pressure between the ring and the drum roller.

Application: Drum Rings, Chute Pivot, Chute Lock Roller Bearings
Use: JAX Ring Grease - XL / Dredge-Guard
