

HACCP DEFENDER™

*Low-Moisture, Walk Through
Automatic Footwear
Sanitizing Station*

***An effective tool for reducing
cross-contamination from footwear
in wet or dry processing facilities.***

The HACCP Defender™ from Best Sanitizers is designed for facilities where pathogen reduction and moisture control is critical. Utilizing the efficacy of Alpet® D2 and Alpet® D2 Quat-Free Surface Sanitizer, facilities now have a powerful tool for controlling pathogens and reducing cross-contamination.

*Adding a floor mat with one of
our **Dry Step Floor Treatments**
provides a sure-footed surface
for exiting the sanitizing station.*

Features

- One-way, walk through design supports traffic flow and improves pathogen reduction in critical areas of the facility
- Atomized spray provides ample coverage to footwear soles while reducing chemical waste and controlling moisture
- Fresh dose of Alpet D2 or Alpet D2 Quat-Free Surface Sanitizer with every application
- Adjustable output for optimal volume control
- Infrared sensors control doors and sprayers
- Stainless steel construction
- Dimensions: 36"W x 38"L x 45"H
- Made in the USA

Complete, Confident, Compliant.

Ready-To-Use, No-Rinse Sanitizer, Cleaner and Disinfectant For Food Contact and Non-Food Contact Surfaces

Alpet® D2 and Alpet® D2 Quat-Free Surface Sanitizers are ready-to-use, no-rinse sanitizers and cleaners for food contact surfaces, including rubber gloves, and non-food contact surfaces, including rubber footwear. Disinfects too!

Dry Step Floor Treatments

We recommend adding one of our Dry Step Floor Treatments to a floor mat to provide a sure-footed surface for exiting the HACCP Defender™ Automatic Footwear Sanitizing Station.
