***Solutions for the  
Transportation Industry***

# Polishes and Waxes

## Alumination Aluminum Polish

- Alumination is formulated with hi-tech abrasives and polymers that safely clean and polish without scratching.
- Removes light to heavy oxidation leaving a crystal clear mirror-like finish.
- Can be used on other metals such as brass, copper, silver and stainless steel. Also works great on motorcycles, trucks and marine bright work. (Available in: 8 oz, QT, Gal)

## Chrome Brite

- Chrome Brite cleans and brightens chrome bumpers, wheels and trim.
- Will not scratch, streak or smear. Leaves a gleaming polymer protection that protects against water spotting and fingerprints. (Available in: 8 oz, QT, Gal)

## Metal Polish

- A uniquely engineered metal polish specifically designed to leave a shiny mirror finish to every inch of your polishable metal.
- For use on Aluminum, Billet, Brass, Chrome and Gold. (Available in: 8 oz)

## King's Ransom Wax

- A combination of carnauba wax, silicones and resins.
- When applied to a vehicle surface it provides protection
- against the elements along with superior durability.
- Goes on and off easily and does not dry white. Safe and
- Effective for all paints.
- Gives that “wet look” shine. (Available in: 8 oz, QT, Gal)

# Degreasers

## Total Truck Wash

- Non-corrosive formulation that will remove all road film, grime and grease from all truck surfaces.
- Polished Aluminum Safe. (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

## Maxi-Clean

- Industrial strength biodegradable degreaser. The petroleum and acid free formula cuts heavy grease and grime.
- VOC Compliant and works effectively on engines, shop machinery, tools, garage floors, bicycles, garden and farm equipment. MAXI CLEAN is reclaim compatible. (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

## Bio-C Citrus Industrial Asphalt Remover

- Removes asphalt, grease, dirt, adhesive and more
- Highly dilutable: up to 64:1
- Non-caustic, non-acidic, petroleum & phosphate free (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

# Aluminum Brighteners and Cleaners

## Sparkle Aluminum Brightener

- Sparkle is a balanced blend of selected acids and unique surfactants that will brighten aluminum surfaces.
- Do not use on polished aluminum. (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

## Polished Aluminum Cleaner

- Polished Aluminum Cleaner is a unique blend of mild acids containing road film removing biodegradable surfactants. Will not harm polished aluminum.
- When used correctly this product will brighten polished aluminum. (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

# Specialty Products

## Jackhammer 3X - Biodegradable Concrete Remover

- Jackhammer products are completely organic, acid based cleaning chemicals that can safely and effectively remove cement, concrete, and road film from all types of hard surfaces including bare metal, chrome, glass, all painted surfaces, and plastics. (Available in: 5 Gal, 55 Gallon Drum)

## Wash and Wax

- pH balance for great cleaning ability
- Sheeting action reduces drying time
- Leaves a lustrous finish
- Highly concentrated . (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

## Diamond Glass Cleaner

- A concentrated ammonia-free glass cleaner that leaves glass sparkling clean.
- Produces a pleasant fragrance.
- Contains an anti-fog agent and a detergent for the toughest jobs.
- May be diluted with up to 40 parts water. . (Available in: 1 Gal, 5 Gal, 55 Gallon Drum)

# Greases and Lubricants

## MPG-2

- Multipurpose Calcium Complex Grease. Water Resistant
- Available in: Cartridges, 5 Gal, 120 lb Drum

## CLG-2

- Multipurpose Lithium Complex Grease It is good for multipurpose use up to 350°F. Available in: Cartridges, 5 Gal, 120 lb Drum

## ACG-2

- Polymer-fortified, Aluminum Complex Grease
- Superior water and chemical resistance. Available in: Cartridges, 5 Gal, 120 lb Drum

# Equipment and Supplies

## Pump Up and Airless Foamer

## Truck Wash Brush and Microfiber Towels

## Brush Airless Foamer
