

CG-MIN-68

Premium Mineral Oil Refrigeration Lubricant ISO 68

CG-MIN-68 is made from premium base stocks and offers optimized solubility in CFC, HCFC and blended refrigerants. CG-MIN-68 offers exceptional chemical and thermal stability, and it provides a very long service life.

ATTRIBUTES

- Optimized solubility in CFC, HCFC and blended refrigerants
- Excellent coolant properties
- Carbon and varnish control to help reduce deposits
- Long oil life
- Controls rust for enhanced component protection
- High flash and auto-ignition points for added safety
- Good film strength and anti-wear properties
- Non-toxic/non-hazardous
