Innovative Cleaning Solutions for Restoration Professionals

As a professional restoration contractor, you care about productivity, safety, and customer satisfaction. Rochester Midland's Professional Restoration Series is built to support exactly that.

Our non-pathogenic biological cleaners tackle water damage, fire damage, and odor control while boosting worker safety and efficiency. They start breaking down soils and odors immediately and continue working in hard-to-reach areas long after application. The result: faster response and cleanup, better working conditions, improved content recovery, and higher customer satisfaction.
